RTLED - OF Series

RTLED OF series LED display is a new designed aluminum LED panel, its module size is 480x320mm, support both front and rear maintenance, and it is easy for assemble.

Building / Plaza / Shopping Mall
P5.7 / P6.67 / P6 / P8 / P10

RTLED - OF Series

LED module   Power supply   Fast lock
Anti-drop rope
Receiving card
Fast lock   Indication light
Cable box
Power cable   Signal cable

ULTRA LIGHT AND THIN

OF series LED cabinet material is aluminum, only 25KG/pc. After assemble LED modules, the whole LED cabinet thickness is only 92mm.

25kgs
92MM

Front Maintenance   Rear Maintenance
FRONT AND REAR ACCESS

OF series LED modules size is 480 x 320mm, there is four holes on LED modules front side, you just need to insert a tool and rotate, then the LED modules can be assembled and disassembled. You can also operate from rear side.

FIRE-PROOF ALUMINUM LED MODULES

RTLED OF series LED modules are made of aluminum frame, it is fire-proof. Other common LED modules is easily burned, while OF series LED modules is not flammable and can be wiped clean. Besides, aluminum LED modules are recyclable when LED display is not working.
LARGE RANGE WORKING TEMPERATURE

OF series outdoor LED screen is more durable than other common outdoor LED display, it can work from -40°C to +80°C temperature.

Super Heat Resistant Up To
80°C
Super Frigostable Up To
-40°C

FRONT AND REAR SIDE IP65

Both front and rear side are IP65 waterproof, and aluminum material is rustproof, so it can be used for any harsh environment, such as seaside.

50% ENERGY-SAVING

OF series advertising LED screen is 50% energy-saving than other outdoor LED screen. And it has good heat dissipation, when the LED screen working, its temperature is only 39°C, while other outdoor LED display is about 50 °C.

50% Energy Saving

NAKED-EYE 3D LED PANEL

By adding an equipment, OF series outdoor LED display panel can make seamless curved LED display, it is very suitable for 3D outdoor LED screen.
